

PISUPATY SAI SANJEETH RAJ

pisupatysaisanjeethraj@gmail.com +918008364036

PROFESSIONAL SUMMARY

Results-driven Java Full Stack Developer with 2 years of hands-on experience in designing, developing, and deploying scalable, high-performance web applications. Proficient in Java, Spring Boot, and microservices architecture with strong expertise in building and consuming RESTful APIs. Adept at working with relational databases including MySQL and PostgreSQL. Familiar with front-end technologies such as HTML, CSS, and JavaScript to support end-to-end application development. Skilled in version control using Git and GitHub, with experience deploying applications on cloud-based platforms like Heroku and Vercel. Knowledgeable in Agile methodologies and continuous integration/continuous deployment (CI/CD) practices.

EDUCATION

| | |
|--|------------|
| Bachelor of Technology in Computer Science and Engineering Presidency University, Bengaluru | May 2019 |
| Board of Intermediate Education - MPC Narayana Junior College, Hyderabad | April 2015 |
| Central Board of Secondary Education Warangal Public School, Warangal | March 2013 |

TECHNICAL SKILLS

- Frontend: HTML, CSS, Bootstrap, JavaScript, Angular
- Backend: Core Java, Advanced Java, JDBC, Servlets, Spring Boot, Spring MVC, Microservices
- Database: MySQL, PL/SQL, PostgreSQL
- Tools & Technologies: RESTful APIs, JPA/Hibernate, Postman, Git, GitHub, Heroku, Vercel
- Architecture & Design Patterns: MVC, DAO/DTO
- Soft Skills: Problem-solving, Team Collaboration, Agile Methodology

PROJECTS

Project 1: Employee Management System (EMS) – ERP Solution

- Technologies: Angular, Spring Boot, PostgreSQL, Heroku, REST APIs
- Overview:
 - A comprehensive ERP platform designed to streamline HR operations, employee registration, learning management, and business development processes. The application integrates critical organizational modules to improve operational efficiency and decision-making.
- Modules & Features:
 - RMS (Registration Management System):
 - Automated employee onboarding and validation

- Real-time updates and data management
- LMS (Learning Management System):
- Track training programs, task progress, and employee performance
- Centralized management of resources and materials
- BDM (Business Development Management):
- Interview scheduling, payroll generation, and analytics dashboard
- Real-time business data for strategic decision-making
- Contributions:
- Built responsive Angular components for user interaction
- Developed REST APIs in Spring Boot and integrated them with the frontend
- Implemented secure, role-based access control for different user types
- Managed database design in PostgreSQL ensuring high performance and integrity
- Deployed the project on Heroku for easy access and scalability
- Improved operational efficiency by 30% through automation and unified workflows

PROFESSIONAL EXPERIENCE

Full Stack Java Developer

- W3 SOFTECH PVT LTD, Hyderabad
- Duration: June 2023 – Present
- Developed and maintained modules in enterprise web applications using Java, Spring Boot, and Angular
- Collaborated in Agile teams, participated in sprint planning, and performed code reviews
- Used Postman for API testing and Git for version control

INTERNSHIPS

Digital Marketing Intern Future Revolutions Pvt Ltd
– [Bengaluru] | 2019

CERTIFICATIONS

Full Stack Java Developer , Vcube Software Solutions, Hyderabad
TCS NQT Exam (September 2024) – 70% score
